

South African Airways

New Non-stop flights from Johannesburg to NY

Non-stop to South Africa and back

Africa's Most Awarded Airline just Got Better

SAA now features nonstop flights from New York to Johannesburg. And starting May 1st, new non-stop flights from Johannesburg back to New York's JFK Airport

Effective May 1, 2011, South African Airways will offer round-trip nonstop service, between New York (JFK) and Johannesburg South Africa. The new nonstop service on the northbound flight will eliminate the stop in Dakar, Senegal and reduce the overall flying time by more than 90 minutes.

Now more than ever, South African Airways will have the most convenient service to/from South Africa and over 40 destinations on the African continent for business and leisure travelers. With SAA's unrivalled African network, same day flight connections are available via our JNB hub on South African Airways and our regional partners. South African Airways Express and South African Airlink to dozens of destinations throughout South Africa, sub-Saharan Africa, East Africa and Africa's Indian Ocean Islands

Convenient connections to/from SAA flights at New York (JFK) are also available via our Star Alliance code-share partner, United Airlines and interline partners, jetBlue Airways and Virgin America from over 60 cities throughout the U.S. and Caribbean. With our new round-trip nonstop service between New York to Johannesburg, our customers will enjoy the fastest and most comfortable way to Southern Africa, and our legendary world-class service.
