

our executive branches

Fly the airline that takes you to more places in Africa than any other carrier. South African Airways offers business and leisure travelers a continental network with convenient connections to over 25 major cities. With a choice of three U.S. gateways*, superb on-time performance, and award-winning in-flight service, you'll see there's really no other way to fly.

*New York (JFK), Atlanta, and effective July 2, Washington, DC (Dulles)
