

ATA partners with Passport Health to ensure that those traveling to Africa are well protected. Their Travel Medicine Specialists assess your health history and individual needs based on your itinerary, and will administer and prescribe immunizations and medications through personal consultation. Passport Health also provides you with the latest information on everything from; health risks, required and recommended immunizations, safety precautions and security tips, and precautionary measures for dietary and recreational activities. Passport Health is the leading travel medical services organization in the globe with over 170 locations in the U.S and provides travel health information and immunizations for international travellers, major corporations, universities and other international organizations.
